Left and right designation for excavators: looking into the bucket.

Convention droite-gauche pour les pelles-hydrauliques: se mettre face au godet.

Für die Bagger, relativ zur Schneide: sich vor der Schneide hinstellen und richtung ö Loeffel schauen.

Escavatori: destra/sinistra=di fronta alla benna.

Front End Loader Bolt-on Lip Shrouds/Boucliers à boulonner pour chargeuses/  
Anschraubbare Schutzschilde für Lader/Rinforzo a bullonare per caricatrice

High abrasion upgrade from plate edge segments. Cast alloy 12S provides extra hardness for long life. The shroud wraps over the top of the lip bevel to provide total lip leading edge protection, not just bottom protection. Use grade 8 plow bolts with a grade 8 nuts as indicated.
